PALMER & CO

MONTAGNE DE REIMS, FRANCE

CHAMPAGNE

Palmer & Co, the brand produced by Société des Grands Crus de la Champagne. An association of seven wine growers from the Côte des Blancs and Montagne de Reims formed in 1947 and originally based in Avize, it moved to Rue Jacquart in Reims in 1959. Drawing on some 415ha of vineyard scattered across 40 regional sites, Palmer has access to around 200ha of premier and Grand Cru vineyards, the largest portion of which are in the Montagne de Reims region of the appellation. The range comprises seven wines. Palmer Brut Réserve, where unusually Chardonnay makes up over half the blend, is the signature cuvée, rich and style with around a third of reserve wine and extra lees ageing of four years. Blanc de Blancs is mainly sourced in Trépail and Villers-Marmery, famous for its Chardonnay, plus some delicately fruity Sezannais grapes. Luxury cuvée Amazone, typically a 50/50 Chardonnay/Pinot Noir blend, tends to get 10-15 years in bottle, while Palmer boasts an impressive range of 'rare' vintages going back to 1976. Palmer is one of the few houses not using 'transavage' for its larger bottles. Formats from 6-litre Methusalem up to the 15-litre Nebuchadnezzar are fermented in the bottle in which they are sold, restricting loss of pressure and freshness.

WINE SPOTLIGHT

QUEENSLAND

BEAUTIFUL ONE DAY, PERFECT THE NEXT!

At Urbane we recognise our local regionality; those people on the land around us who suffer the production hardships not witnessed by urbanites or our tourists visiting this capital city. Growing produce is seasonal, climate dependent and at times threatening to family rural survival. This State witnessed its first established inland winery in 1868. Since then viticulture grew into the high country of the southern Downs and more recently, post-World War II, to the western slopes of the Burnett River valleys 200 km adrift from coastal Maryborough and Noosa.

Our proudly listed selections in this restaurant portray winemaking families of several generations, spanning 87 years (Puglisis at Ballandean Estate), 73 years (Costanzos at Golden Grove) to the more recent 25 years for the Heading grazing family (Clovely Estate at Moffatdale) and building operator, Martin Cooper (Ridgemill Estate at Severnlea).

Queensland grows wine grapes in two recognised Geographic Indications (the French call them Appellations).

SOUTH BURNETT 300-450 m, clay, red soils, black soils, sandy loams, warm climate
GRANITE BELT 700-1000 m, granitic sands, clay, cool climate

BEER & CIDER

DRAUGHT

Urbane Pale Ale (QLD) 4.7% 300ml 10 500ml 16

Brewed in Queensland by Asahi specifically with our menu in mind. A crisp, fruity pale ale with a refreshing sour cherry finish.

Peroni Nastro Azzurro (ITALY) 5.1% 300ml 10 500ml 16

Peroni Nastro Azzurro is brewed to the authentic Italian recipe originating in Lombardia, Italy in the 19th century. Brewed under licence to produce a fresh and crisp taste.

Mountain Goat Steam Ale (VIC) 4.5% 300ml 9.5 500ml 16

The Steam is a crisp, certified organic ale. We incorporate a slap of wheat malt in the grist make-up and ferment it cool. We use Cascade and Citra hops to give it a fresh, zippy finish. Great as the weather warms up.

Stone and Wood Pacific Ale (NSW) 4.4% 300ml 9.5 500ml 16

Brewed with barley, wheat and Galaxy hops, this cloudy golden ale is ripe with fruity richness and delivers a seriously refreshing finish.

Asahi Super Dry (JAPAN) 5.0% 300ml 11 500ml 16

Made with maize and rice, this lager style beer has a bright golden colour with a tight white head. Fresh, crisp and clear with hints of lemon, oatmeal and delicate herbs.

Peroni Leggera (ITALY) 3.5% 300ml 10 500ml 16

Peroni Leggera is a quality beer that is lower in carbohydrates and calories - part of Peroni's premium Italian brewing stable. Light, crisp and clean flavours courtesy of quality hops, yeast, barley and water made this lower carb beer a step ahead of the rest.

GIN

Vodka for grown-ups.

Since the prohibition era (1920-1933). Gin has remained one of the world's most popular spirits.

Gin has the versatility of vodka however Gin can bring more flavour into the equation.

Gin gains most of its flavour through Juniper berries. Although mostly associated with London and the UK. Gin has its beginnings with the much older Dutch spirit Jenever, which became popular in the UK during the reign of William I of Orange (1689-1702).

From this, British distillers established a period called the Gin Craze (1695-1735) when thousands of micro distillers started production. The most notable being Plymouth which can trace continuous production back to 1690's.

The 19th century saw new distilling methods, and London Dry Gin was created which today is by far the most successful style of Gin produced all over the world. Especially in London, the modern day Mecca for Gin lovers.

MARTINI

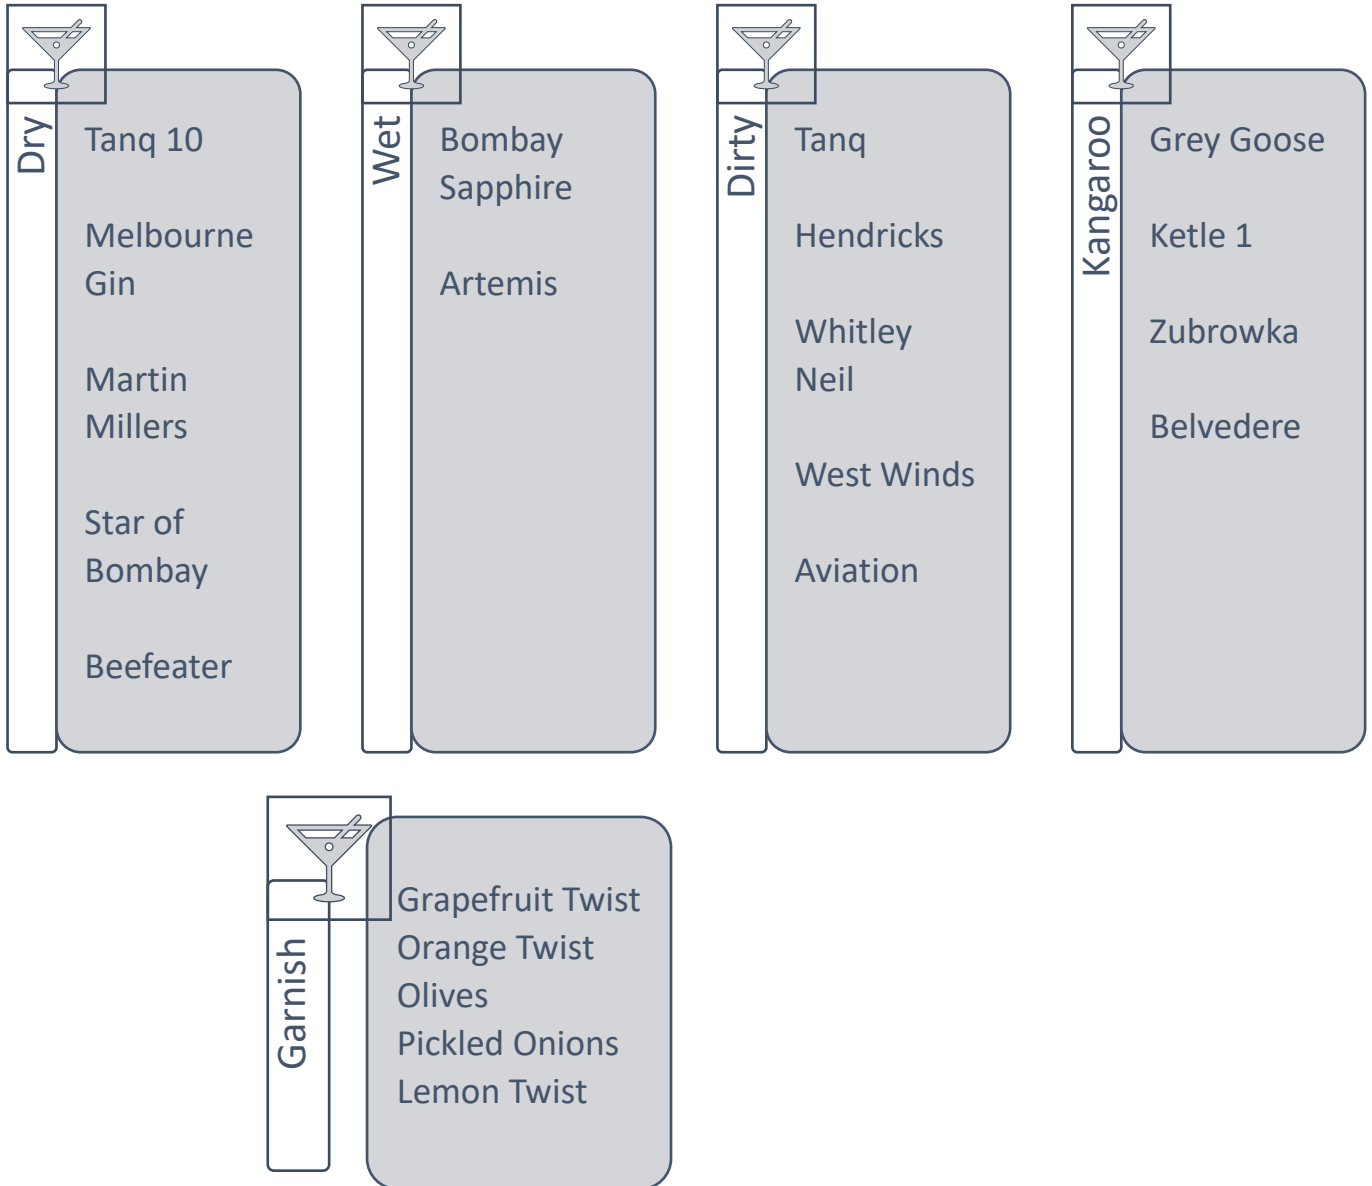

Like most cocktails the origin of the martini is debated. There are two accepted theories.

In 1863 an Italian vermouth company rebranded themselves *Martini* after their founder Alessandro Martini and the brand name may be the source of the cocktail name.

The other popular theory is the drink is derived from the cocktail Martinez which was commonly drunk in San Francisco in the 1860's.

The Martini is the Gin drinkers drink. It can be served several ways, with the taste vastly varying depending on the drinkers' choice of Gin, style and garnish.

The Kangaroo is the original name for the Vodka Martini, traditionally served dry or dirty the name was published in the legendary 1948 bartending book, *The fine art of mixing drinks* by David Embury.

RUM

Drinking Rum before 10am makes you a Pirate, not an Alcoholic.

Rum was first recorded as early as the 14th century when Marco Polo noted drinking a 'wine made from sugar' on his return from China in modern day Iran.

The modern concept of Rum originates in the Caribbean and has a dark history of the slave trade. It was one of the sugar plantations in Barbados that the spirit was first produced by using the by-products of sugar, molasses.

Rum has since had a relationship with the British Empire and was integral in the only military rebellion in Australia the 'Rum Rebellion' of 1810.

Rum can be categorised into three main groups, White Rum, Aged Rum, Gold Rum and Dark Navy Rum. Gold aged Rum is White Rum that has been aged in oak casks for several years, so the spirit takes on some of the colour and flavour of the oak.

WHISK(E)Y/BOURBON

Too much of anything is bad, but too much good Whiskey is barely enough.

Whisky is a distilled spirit produced from grain, this can be Barley, most common in Scotch Whisky production, Corn, Rye and Wheat. Although produced all over the world Scotland has become the epicentre and benchmark for Whisky production especially with barley and wheat. Bourbon is American Whiskey that is produced using at least 51% corn and then aged in charred barrels to give Bourbon its characteristic burnt sweetness.

Most recently Japan has moved into the mainstream Whisky market, Japan has a long history of production, dating back to the 19th century but its only in the last 25 years that the Whiskies have become more well known in the west.

THE OLD FASHIONED

This most classic of classic cocktails came from humble beginnings. Originally named the simple 'Whiskey cocktail', the classic Bourbon Whiskey Old Fashioned became increasingly popular by the 1840's. By the 1870's bartenders started to experiment by adding new flavours and spirits into the mix such as Chartreuse, Absinthe Maraschino and Curacao. However over recent decades these have been stripped off this classic cocktail to go back to its roots.

An Old Fashioned is simply a double measure of a spirit, traditionally Bourbon, diluted with Angostura Bitters and sugar, stirred down with ice for an extended period of time.

Today an Old Fashioned is still one of the world's most popular cocktails, traditionally made on Bourbon Whiskey or Scotch Whisky. However, the 2000's have created some modern classics with Old Fashioned's made on Rum, Tequila and even Gin.

Of course, feel free to order an Old Fashioned on whichever spirit you would prefer however if you are unsure please select from our list of favourite Old Fashioned's

SAZERAC

One of the USA's oldest cocktails, the Sazerac is essentially an Old fashioned, made on Rye Whiskey or cognac, flavoured with Peychaud Bitters and a dash of Absinthe.

Originally made with Cognac in New Orleans from the 1850's, a Cognac shortage in the 1870's led the creation of the Sazerac on Bourbon. Both of which are accepted today with both sides arguing theirs is the best.

Sazerac

25

Rye Whiskey, Peychaud Bitters, sugar and Absinthe. Many bars and cities have their own recipe for a Sazerac. This is the original New Orleans recipe using only the essential four ingredients.
